

NOTICE OF AVAILABILITY

LA POSTA TRACT T5025 NEW ROW PROJECT ENVIRONMENTAL ASSESSMENT AND FONSI

Notice is hereby given that the Bureau of Indian Affairs (BIA), Southern California Agency, has reviewed an Environmental Evaluation (EE) of the La Posta Band of Diegueno Mission Indians New Right-Of-Way (ROW) Project (Project) proposed to occur at Sage Way, Boulevard, CA, La Posta Indian Reservation Tribal Tract T5025.

The BIA's approval of the Project would allow the proposed ROW to construct underground distribution lines, which will allow SDG&E to provide electrical services to seven new homes. BIA prepared an EE in support of federal requirements of the National Environmental Policy Act (NEPA), 42 United States Code §4321 *et seq.*) and the BIA NEPA Guidebook 59 IAM 3-H. The EE assesses the environmental effects that may result from the Project.

Based on the analysis and impacts detailed in the EE, any input received during this public review period, and the entire administrative record, the BIA will decide whether to reach a Finding of No Significance Impact (FONSI), direct further work on the EE, or initiate the preparation of an Environmental Impact Statement.

The public review period of the EE will be open for seven (7) calendar days, beginning on May 1, 2023, and end on May 7, 2023. A draft, unsigned FONSI has been prepared and is available for review along with the EE. The public review will begin on

The EE and FONSI are available for public review at one (1) physical location and two (2) virtual location:

1. La Posta Tribal Office, 8 Crestwood Road, Boulevard, CA 91905

3. BIA NEPA Tracking System website: <https://bianepatracker2.doi.gov>
(Search: NEPA Tracker ID#53304)

The FONSI is a finding on environmental effects, not a decision to proceed, therefore it cannot be appealed. 25 CFR 2.7 requires a 30-day appeal period after the decision to proceed with the action is made before the action may be implemented. Appeal information will be made publicly available when the decision to proceed is made.
